TopAssess

The Pinnacle of Academic Evaluation

TopAssess is an advanced assessment tool designed specifically for schools to efficiently create, administer, and evaluate assessments. With versatile question formats, AI-enabled paper creation, and a robust approval process, this assessment tool ensures high-quality, curriculum-aligned assessments.

TopAssess provides detailed reports for teachers and students, offering insights into performance and areas needing improvement. These reports leave a positive impact on the way teachers teach in the classroom and students learning journey.

TAILORED ASSESSMENTS

Formative Assessments

Summative Assessments

Top Features:

01
Multiple Blueprints:
Design tests with multiple question formats, including MCQs, subjective, comprehensive, fill-in-the-blanks, match-the-pair and more catering to different marks and difficulty levels.

02
Flexible Question Paper Creation:
Effortlessly create tests with AI-enabled or manual question paper generation, editable to suit specific needs. Teacher can create multiple sets.

03
Personalised Feedback:
Detailed insights on strengths, weaknesses, and recommendations to enhance teaching methods and improve student learning outcomes.

04
Approval Workflow:
Easy admin approval process for summative assessments with feedback mechanism.

05
Detailed Version History:
Track every stage of question paper creation & edits with ease.

TopAssess is available for both Online & Offline Modes with Varied Features.

Clear Insights, Smarter Teaching

By addressing the unique requirements of teachers, school management, and students, TopAssess helps to create a more efficient, insightful, and personalised learning environment.

TEACHER

Streamlined Test Creation

Easily design and deploy assessments without the hassle.

Detailed Insights

Access breakdowns of question-specific data, including correct/incorrect answers and time spent.

Model Answer Papers

Downloadable model answer papers for every assessment to streamline grading and provide clear guidance.
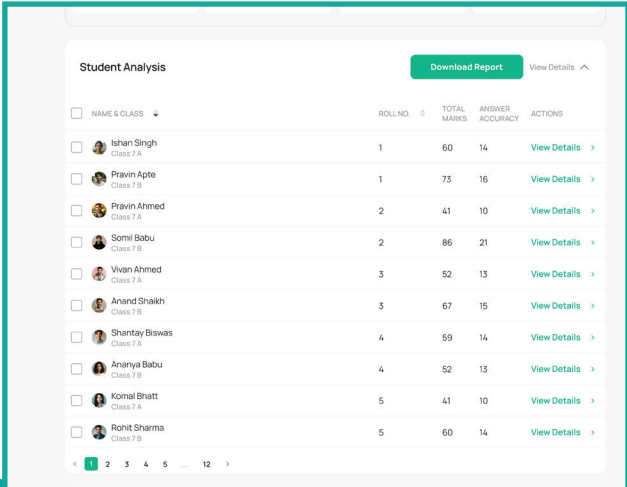

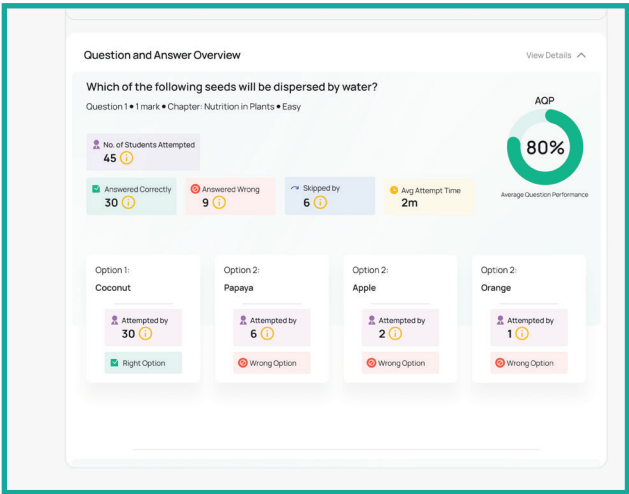

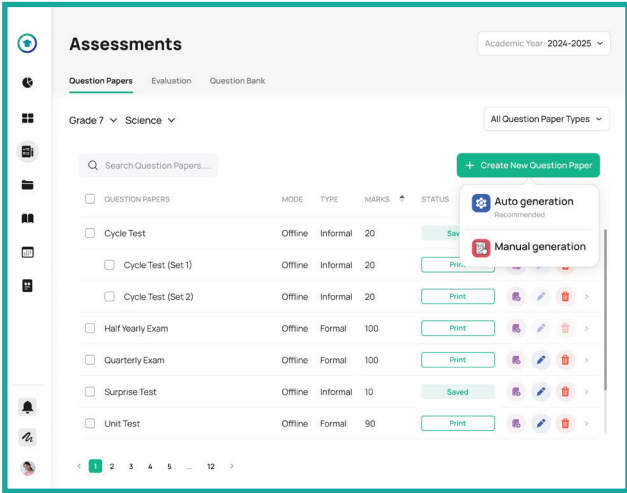

Efficient Grading

Automated grading in online mode saves time and reduces manual effort.

Targeted Teaching Strategies

Use data-driven insights to evaluate overall student performance, identify areas for improvement, and adjust teaching methods effectively.

Enhanced Student Feedback

Allows teachers to provide students with detailed feedback on every assessment to support their learning journey.

STUDENTS

Personalized Learning

Students receive tailored learning experiences and targeted feedback on TopSchool student app.

Instant Feedback

Includes marks, average time per question, and a real-time breakdown of correct, wrong, and skipped answers (online mode).

Error Analysis

Teacher-tagged errors for each wrong answer based on student responses.

Clear Performance Summary

Online test reports show answered, skipped, and marked-for-review questions.

Chapter-wise Performance

Details highest and lowest performing chapters with a breakdown of question accuracy and time taken.

SCHOOL MANAGEMENT

Data-Driven Insights

Get Comprehensive reports with performance trends across classes & grades for informed decision-making. Identify areas needing attention and refine curriculum and teaching strategies.

Which of the following seeds will be dispersed by water?

A. Coconut

B. Papaya

C. Apple

D. Orange

○ Answered ○ Skipped ○ Marked for Review

Q1 •••••••••••••••••••• Q20

Mark for Review

Question and Answer Overview

What is the process of photosynthesis?

Part 1 • Section 1 • Question 1 • 5 marks • Chapter: Nutrition in Plants • Easy

Marks Achieved: **3.5**/5
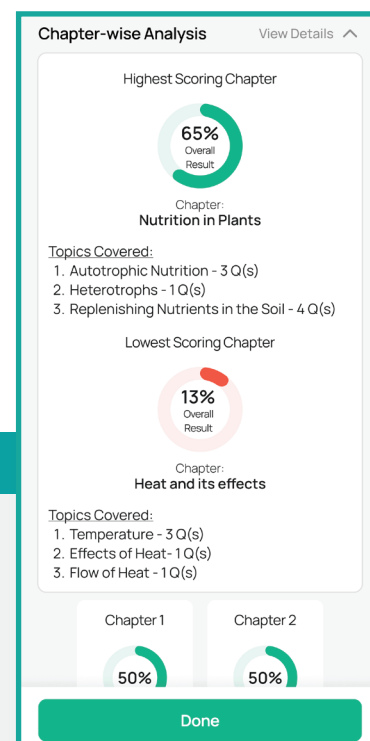

Errors:
1. Diagram / Figure is required
2. Handwriting is not legible
3. Answer requires more points
4. Answer is deviated from the question

Answer Key:

Photosynthesis is the process by which green plants, algae, and some bacteria convert light energy, usually from the sun, into chemical energy in the form of glucose. The process occurs mainly in the chloroplasts of plant cells, where the green pigment chlorophyll captures light energy.

Top Level Ease

TopAssess platform offers a streamlined approach to creating, distributing, evaluating, and reporting on assessments, all within a single, integrated system.

Generate:

Teachers can build tests from scratch, duplicate past tests, & select from different question paper templates. Assessments can be generated from multiple sections within the platform, including direct access through class overviews and milestones.

Distribute:

Seamlessly assign tests to students, classes, or sections with flexible scheduling. Teachers have the option to set specific dates, deadlines, & target groups, ensuring that tests are delivered efficiently & according to the curriculum needs.

Average Score 1/2

Top Reasons to Choose TopAssess

Efficiency

Streamline the assessment process as per NEP 2020 & NCF reducing administrative burden for teachers.

Accuracy

Leverage AI & data analytics to enhance the precision of assessments.

Flexibility

Adapt to diverse assessment needs, from quick quizzes to comprehensive exams.

Valuable Insights

Empowers educators with deep insights into student performance and learning gaps.

Scalability

Support growth with a platform that scales with your school's needs.

Top Words from Our Users

TopAssess

"
TopAssess has revolutionised the way we conduct assessments, providing us with invaluable insights and saving our teachers countless hours.
- Principal,
  Bhabha Public School
  Amritsar, Punjab

"
TopAssess has significantly streamlined our assessment process and has freed up valuable time for our teachers."
– School Administrator,
  Masterji High School
  Warangal, Telangana

"
With TopAssess, our test creation process has become incredibly efficient. The AI-powered generation and ready-to-use templates have transformed how we prepare assessments.
– Head of Academics,
  J.S Wisdom Una School
  Una, Punjab

"
Our students benefit greatly from the detailed feedback provided by TopAssess. The insights into chapter-wise performance and question accuracy have been instrumental in guiding their learning and better performance.
– Curriculum Coordinator,
  Candor i Shrine School & Marica High School
  Hyderabad, Telangana

"
The instant performance reports from TopAssess have been a game-changer. We can now quickly analyse student data and make timely interventions to boost academic performance.
– Teacher,
  Haji Abdul Kader Memon School
  Pune, Maharashtra

"
The platform's user-friendly design required no additional training, allowing us immediately implement it."
– School Admin, Vice Principal
  Gurukul Public School
  Ahmednagar, Maharashtra
